# Fusion
by melco

THE SEAMLESS FUSION OF E-COMMERCE & EMBROIDERY

Melco Fusion is a cloud-based web service hosted by Melco that generates product previews and embroidery-ready files using data submitted by users on your e-commerce website.

Save time & money

Let Fusion do the heavy lifting of design layout and digitizing.

Eliminate order errors

With Fusion's powerful dynamic product review.

Easily Boost Customer Confidence With Fusion

Visualize Designs
Powerful visual design generator allows customers to customize designs directly in your online store!
